**IN NORTHERN MEXICO WHERE**

**General Obregon Now Dominates the Situation**

**GEN. ACOSTA DEFEATED**

**In Battle Near Zorillo Station When Detachment Meets Force of General Obregon's Troops—Death of An American Citizen is Described By His Companion.**

(ASSOCIATED PRESS TELEGRAM)  
Douglas, Ariz., Nov. 25.—Virtually cut off from the border, his forces scattered over a wide stretch of country, General Francisco Villa continues to defy the Carranza forces under the command of General Alvaro Obregon, to wrest from him the last vestige of power in northern Mexico.

Advices from Nogales say that Villa located midway between Alamo and Magdalena, is making efforts to get in touch with Gen. Bodriguez, who eluded Obregon's forces at Cananea last Saturday. Villa it is said is anxious to divert Rodriguez's column south to assist in the renewed attack on Hermosillo, capital of the state of Sonora, where desperate fighting is reported to have been in progress for two days.

Gen. Obregon whose headquarters has been established at Santa Cruz, reported last night that a Villa detachment under General Acosta, had been repulsed after several hours fighting a few miles west of Zorillo station. The Carranza forces were commanded by General Anchetta. Acosta's men fled, it was reported, leaving a number of killed and wounded on the field. Advices from Nogales say the Mexican firemen who accompanied Edgar B. Bean, the American engineer on the fatal run to Puerto Blanco on Saturday, says a Mexican colonel who took Bean prisoner, shot him in a fit of anger, when the train left the track. When he fell other Mexicans in the party riddled the body of the American with bullets. The colonel also killed three Mexicans who had been captured with Bean, it was said.

## WHITACRE WILL SUPPORT NOMINEE

Canton, O., Nov. 25.—Former Congressman John J. Whitacre, who last year headed the True Democracy League, to which is accredited the defeat of former Governor James M. Cox for the re-election, last night issued a formal statement in which he declared that he would support Cox if he is nominated at the primaries.

## SERVED WITH TURKEY.

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Nov. 25.—Each of the 22,000 wards of the state confined in Ohio institutions today might have given thanks for being served with dinners costing a total of \$10,000, or about 50 cents per dinner. Nearly \$3,600 was spent by the state for turkey alone, bought largely in Vinton county at 24 cents a pound dressed.

Here is a list of provisions bought by the state board of administration for Thanksgiving dinners in the state institutions: 14,325 pounds turkey; 5,000 pounds dressed chicken; 5,000 pounds young pork; fifty barrels cranberries; 5,000 cigars; 600 gallons cider; 10,000 bunches celery; 1,000 bushels potatoes; 100 bushels sweet potatoes; 10,000 loaves bread; 200 bunches of bananas; 100 boxes oranges and 100 barrels of apples.

## Canadian Troops Arrive

(ASSOCIATED PRESS TELEGRAM)  
Ottawa, Ont., Nov. 25.—It was announced today that the troop ship Misamis, which sailed from Canada on November 13, had arrived safely in England. The troop ship carried 1,621 men and 54 officers including all their branches of the service.

## Pursued By Submarine

(ASSOCIATED PRESS TELEGRAM)  
Marseilles, Nov. 25.—The Russian freight steamer Odessa arrived here today and reported she had been pursued by a submarine. She escaped owing to her superior speed and the roughness of the sea.

The Odessa, 4,272 tons gross, was last reported leaving Marseilles October 28, for Saloniki, Greece.

## OLDFIELD IS IN IT.

(ASSOCIATED PRESS TELEGRAM)  
San Francisco, Nov. 25.—A 100-mile match race to decide the world dirt-track automobile speed championship is one of the features of the Thanksgiving day program at the Panama-Pacific exposition.

## GREECE

**Yields on All Essential Points Raised by the Allies**

**SITUATION REGARDED AS CLEARED**

**Great Struggle Continues On Austro-Italian Front**

**ROME REPORTS VICTORY**

**Collective Note Presented to Greece On Tuesday Contained No Request for Greek Intervention In the War But Asked Greece to Give Assurance In Case Greek Territory Invaded.**

(ASSOCIATED PRESS TELEGRAM)  
London, Nov. 25.—Although the full text of the Greek government's reply to the collective note presented by the entente powers had not yet been made public in England, there is every indication that the British government is satisfied with the position taken at Athens. The assurances given by Greece differ in marked degree from the previous expressions of benevolent neutrality. They are neither vague nor evasive, but promise explicitly that no military measures will be taken against the Serbian, French or British troops in case they retreat Greek territory.

Whether this guaranty of safety to the allied troops will carry Greece to the extent of opposing with her army any German forces which might attempt to pursue the allies across the Greek border probably will not be ascertained until full details are received in regard to the assurances given by Greece.

From the optimistic tone of Athens dispatches to London, however, it may be inferred Greece has yielded on every essential point raised by the allies. The Greek situation therefore, is regarded as being cleared finally.

Military events in the Balkans appear to be marching swiftly to a conclusion disastrous to Serbia. The approaches to the historic battlefield to Kosovo Plain, which were expected to form a strong defensive line seriously delaying the advance of the invaders already has been traversed. In the ensuing battle the Serbians are reported to have been unable to withstand the shock of the attack and they are now said to be in retreat toward the Albanian border. Since the fall of Pristina and Millova, the keys to the Serbian defensive position, final Serbian retreat has been regarded as inevitable.

## GREECE MEETS DEMANDS

(ASSOCIATED PRESS TELEGRAM)  
Athens, via London, Nov. 25.—(Bulletin.)—Greece has met the demands of the Entente powers and given guarantees that their requirements will be fulfilled.

Official announcement is made that the reply to the collective note presented by the entente ministers has been delivered to them. The announcement says:

"The reply is couched in very friendly terms and gives satisfaction of the demands of the entente powers and all guarantees considered essential."

The collective note was presented to the Greek government on Tuesday. As outlined in unofficial dispatches it contained no request for Greek intervention in the war with the allies but asked Greece to give assurances that she would preserve her friendly attitude in case the allied troops were in Macedonia should be compelled to retreat across the frontier to Greek territory.

## IMPORTANT VICTORY SCORED FOR ITALIANS

Rome, Nov. 24.—(Via Paris, Nov. 25.)—An important victory for the Italians was scored yesterday when Austrian trenches between the fourth summit of Monte San Michele, and the church of San Martino were taken by storm, and held in spite of desperate counter attacks, says an official statement issued by the war office.

The communication follows: "During the night of the 22-23, (Continued on Page 9, Col. 3.)"

Uncle Sam: "Now Then, You Fellows Have Got to Quit Quarreling Before I'll Start Carving This Bird"

## Tot's Body Whirled in Air as Head Caught in Spokes of Wagon Wheel; Skull Fractured

Willard Pyle, aged five years, son of Mr. and Mrs. Howard Pyle of Indiana street, suffered a fractured skull in an accident Wednesday when his head was caught in the wheel of a wagon which he climbed upon to take a ride. He is in the City Hospital under the care of Dr. U. K. Essington and Dr. Rank.

That the lad escaped death is considered miraculous. Witnesses of the accident declare that the boy's body was whirled around at least a half dozen times before the wagon was stopped.

Just how the accident occurred is not clear. The youngster had climbed into the wagon and it is believed was standing up as the wagon moved.

He apparently lost his balance and fell into the wheel. The wagon traveled a distance of fifty feet before the attention of the driver could be secured and the wagon stopped.

The boy was carried to his home and medical aid summoned. Later the Bradley ambulance took the boy to the City Hospital. It is feared that an operation may be necessary to prevent fatal results.

At the time of the accident the father, Howard Pyle, was on a hunting trip in Knox county and could not be located until a late hour. He learned of the accident upon his return home late Wednesday evening.

## STOWAWAY

**AND DESERTER FROM GERMAN ARMY REACHES NEW YORK—WANTS TO STAY**

(ASSOCIATED PRESS TELEGRAM)  
New York, Nov. 25.—Heinie Schultz, late private in the German army, reached New York today a deserter and a stowaway aboard the Dutch steamer Noordwijk. He wore a uniform which bore the earth stains of the trenches, said he had grown weary of war and asked the customs men to let him enter the United States so that he would have to fight no more.

The customs inspectors passed him on to the immigration authorities and they took him to Ellis Island where he will be held while his case is pending. If he is denied admission he probably will be held here indefinitely as to deport him would result in his capture by the British.

Schultz deserted he said, after his father and brother had both been killed. He made his way undetected through Holland, to Rotterdam, concealed himself aboard the vessel and eluded Dutch inspectors and the British, who held the steamer three days in the Downs. Fifty-eight hours later Schultz crawled out from his hiding place and asked for food and water.

## LIBERTY BELL COMPLETES TRIP FROM THE WEST

(ASSOCIATED PRESS TELEGRAM)  
Philadelphia, Nov. 25.—Philadelphia planned an elaborate reception to the Liberty bell upon its arrival home today from the Pacific coast. The historic relic is due about 2:30 p. m. and is to be escorted from the West Philadelphia station of the Pennsylvania railroad to Independence hall by the entire first brigade of the Pennsylvania national guard. At the hall welcoming exercises were to be held and a special prayer of thanksgiving for the safe return of the bell was to be offered by Rev. Louis C. Washburn, rector of Christ Church.

Mayor Blankenburg, United States Senator Penrose and members of the councilmanic party that accompanied the relic across the continent were on the program for addresses.

## TEN YEARS

**Will Be Required to Build Our Defense Says John Hays Hammond, Jr., Today.**

(ASSOCIATED PRESS TELEGRAM)  
New York, Nov. 25.—John Hays Hammond, Jr., member of the Aeronautical division of the navy advisory board, who has just returned from a journey to Europe to learn how the unpreparedness of the entente allies had affected them, declares that the United States should have at least 2,000 aeroplanes ready to be sent into the air at a moment's notice.

"There should be also as many trained observers for the land forces alone," said Mr. Hammond. "It will take ten years to build up our defense. When the war began France had 25,000 officers. Now she has 100,000, and that is not enough. At least that number would be necessary to put the United States in condition to meet a first class power."

## SIX DAY RACE.

(ASSOCIATED PRESS TELEGRAM)  
Chicago, Nov. 25.—With the end of the race only a few hours, riders competing in the six-day bicycle race sprinted at a furious pace today in an effort to make up lost ground and thus establish a new world's record for the event.

Six of the ten teams remaining in the race at the conclusion of the 129th hour were tied for the leadership. They had covered 2,366 miles and seven laps. The record for that number of hours is 2,523 miles and seven laps.

## WILL REPEAT HER STORY.

(ASSOCIATED PRESS TELEGRAM)  
Naples, Nov. 24, 9:15 p. m.—Dr. Ceille L. Griel of New York, the only American-born passenger on the steamship Ancona, sunk in the Mediterranean by a submarine on Nov. 9, will go to Rome tomorrow to repeat her story to the American ambassador, Thomas Nelson Page.

Dr. Griel reiterates her assertion that the submarine shelled the Ancona while the passengers were attempting to escape in the boats.

## FEDERAL RESERVE BANKS.

(ASSOCIATED PRESS TELEGRAM)  
Washington, Nov. 25.—Federal reserve banks will on January 1, be made depositories and fiscal agents of the government. In announcing the step, Secretary McAdoo said that at the beginning he would transfer about \$7,000,000 to the reserve banks.

## AMERICANS IN DANGER IN MEXICO

**ATTACK FROM MAYO INDIANS IS FEARED AND SAN DIEGO SAILS**

**Marines Ordered to Sail Have Been Stationed at Frisco Exposition Grounds.**

(ASSOCIATED PRESS TELEGRAM)  
San Francisco, Nov. 25.—The United States cruiser San Diego, carrying an extra complement of 300 marines is scheduled to sail today for Topolobampo, on the west coast of Mexico, to protect 250 men, women and children, mostly Americans whose lives have been endangered by attacks of Mayo Indians.

The orders for the San Diego to sail came from Washington to Admiral Cameron McR. Winslow yesterday morning, and by evening the cruiser was off the Panama-Pacific exposition grounds with coal on lighters alongside.

The marines ordered to sail on the cruiser comprise the first battalion of the Fourth regiment of U. S. marine corps under command of Colonel John T. Myers. They had been stationed at the exposition for several months, and the orders for them to leave, only about two weeks before the close of the fair, caused considerable agitation among the exposition officials.

President C. I. Moore of the exposition made a determined effort to have the order countermanded.

## FORD FOR PEACE

(ASSOCIATED PRESS TELEGRAM)  
New York, Nov. 25.—Mrs. Henry Ford, wife of an automobile manufacturer, will furnish the money to send 200 lovers of peace to Europe and see whether or not the war can be stopped. Her husband has chartered an ocean liner for the purpose, so he announced.

## OAKFIELD IN DISTRESS.

(ASSOCIATED PRESS TELEGRAM)  
Fayal, Azores, Nov. 25.—(Via London.)—A wireless message was received here today from the Italian steamship San Giorgio, stating that the British steamship Oakfield was drifting in a disabled condition. The Oakfield, which was reported in distress about 600 miles southeast of Cape Race, N. F., on Monday in message from the San Giorgio, has lost all her propeller blades. The San Giorgio made two attempts to tow the Oakfield to port but in each instance the Oakfield broke adrift. The Oakfield's crew is still on board the vessel.

## FOR INJURED PLAYER.

(ASSOCIATED PRESS TELEGRAM)  
Pittsburgh, Nov. 25.—Twenty-five boys and girls, University of Pittsburgh students, today stood at the approaches to Forbes Field and tagged the crowd as they made their way to the University of Pittsburgh-State College football game to raise a purse for Harry Shof, star tackle on the Pitt team who for eight months has been confined to a hospital as the result of an accident on the football field. The hoped to raise \$1,000.

## EX-GOV. HUGHES DEAD.

(ASSOCIATED PRESS TELEGRAM)  
Tucson, Ariz., Nov. 25.—L. C. Hughes, aged 73, territorial governor of Arizona, from 1893 to 1896, died here last night of pneumonia after a week's illness.

## PRESIDENT

**Was Represented at Pan-American Thanksgiving Services**

**DIPLOMATS WERE ALSO THERE**

**Uniforms of Pan-American Officials Were Brilliant**

**LUNCHEON FOLLOWS MASS**

**Nation's Executive Will Eat a Thanksgiving Turkey With the Woman He Intends to Make His Wife—Late Washington News and Gossip of the Capital.**

(ASSOCIATED PRESS TELEGRAM)  
Washington, Nov. 25.—The annual Pan-American Thanksgiving celebration at St. Patrick's church, attended by members of the Cabinet the diplomatic corps, the supreme court and other prominent officials, featured the observance of the day here.

President Wilson was represented at the celebration by Secretary McAdoo of the treasury department. Diplomats in brilliant uniforms assembled with other dignitaries and marched into the church where mass was said in celebration of peace and Thanksgiving among the Americas. After the mass the guests were entertained at a luncheon by Monsignor Russell, pastor of St. Patrick's.

President Wilson spent the early part of the day in putting the final touches on his annual message to congress. He had arranged to have dinner with Mrs. Norman Galt, his fiancée, and his family. A 35-pound turkey, the gift of South Trimble, clerk of the house was prepared at the White House.

All of the cabinet members with two exceptions spent the day here. Secretary Garrison was in Jersey City, and Secretary Daniels was with his mother in Goldsboro, N. C.

Officials today looked for generous responses to President Wilson's appeal to Americans for contributions to the Red Cross to enable it to continue the work of alleviating suffering throughout the European war zone.

The appeal recites the urgent need of funds to assure the Red Cross against the curtailment or discontinuance of its relief work and adds that the amount now in its treasury, will suffice for only a few weeks. Of the \$1,600,000 war relief fund received by the Red Cross, only \$50,000 remains to meet the pressing demands of the winter. To permit the work to cease the appeal says "is unthinkable."

## BATTLE AT HAND, IS BELIEF TODAY AT NOGALES, ARIZ.

(ASSOCIATED PRESS TELEGRAM)

Nogales, Ariz., Nov. 25.—With Carranza forces under General Alvaro Obregon reported to be pushing ahead of them, the retreating Villa army of General Jose Rodriguez, which is falling back upon Nogales, Sonora, just across the line, a battle is believed to be near at hand today. A number of Villa troops just across the line hurled insults at United States soldiers yesterday and dared them to fight.

The answer to the Villa troopers action, was a prompt order resulting in a barrier of United States soldiers being thrown along the line barring passage to all in either direction.

## 35 CENT GAS; NEW FRANCHISE FOR MILLERSBURG.

Millersburg, Nov. 25.—The East Ohio Gas company has been granted a nine-year franchise at 35 cents for the first three years and 38 cents for the next six years, which nets 32 and 35 cents when payments are made in ten days. The Jefferson Gas Plant company of Steubenville, owners of the gas plant here, which has been idle for nearly two years, will resume operation and get fuel from the East Ohio Gas company.

## Hans Schmidt to Die During Week of January 10,

Albany, N. Y., Nov. 24.—The court of appeals today fixed the week beginning January 10 as the time for the electrocution of Hans Schmidt, the unfrocked priest convicted of slaying Anna Aumuller in New York in 1913.

## EX-GOV. HUGHES DEAD.

(ASSOCIATED PRESS TELEGRAM)  
Tucson, Ariz., Nov. 25.—L. C. Hughes, aged 73, territorial governor of Arizona, from 1893 to 1896, died here last night of pneumonia after a week's illness.

## TRY THIS MAN'S ADVICE TRY THE GREAT KIDNEY REMEDY

It always gives me pleasure to recommend anything that is right and so I feel it my duty to herald the praise of Dr. Kilmer's Swamp-Root. For years I was troubled with kidney disease and it was so intense that I was bedridden for days at a time. I gave up all hope and doctors for miles around gave me no help. Incidentally I tried several patent remedies and at last tried Swamp-Root. From the first it gave me relief and it was no time before I was able to be up and around and now I am perfectly well and able to work as I used to before my terrible sickness.

So now let me thank you for your wonderful discovery and take this opportunity to recommend it to all who suffer from kidney troubles.

Yours very truly,  
WALTER SHIVER,  
317 N. Main St., Hope, Ark.  
Subscribed and sworn to before me, this 25th of March, 1912.

## HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils  
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No straining for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

One good turn deserves another, but unfortunately there is no such thing as perpetual motion.

## THE HOME BUILDING ASSOCIATION COMPANY OF NEWARK, OHIO

## SERVICE

A savings institution has but one reason for existence, that is to SERVE the people of its community.

How well the "Old Home" stands this test is shown by its record.

Hundreds of home owners here in Newark owe that happy condition in their lives to our help.

Thousands of people have had their savings safely cared for here.

Every Christmas thousands of people get our checks for their Christmas Money Club savings, which do so much to make Christmas indeed merry in Newark.

Our new building makes all this service convenient.

## FAIR BOARD WILL MEET ON SATURDAY

A meeting of the Licking County Agricultural society directors is to be held in the convention room of the court house Saturday afternoon at 1 o'clock for the purpose of considering the suggestion to make a park out of the fair ground.

The proposition is to lease the ground to the city, reserving the right to hold the county fair on the ground each year as usual. The amount spent for rent of the ground would be used in improvement of the park.

The Newark Business Men's Association has been invited to send representatives to the meeting and each Grange in Licking county has been invited to send a representative. The meeting is for the purpose of ascertaining public sentiment on the proposition.

## HELP THE Y. W. THIS WEEK, PLEASE

Realizing that in proportion as the problems of the adolescent girl are solved, the problems of later life are diminished, the Y. W. C. A. acknowledges the debt it owes to the adolescent girl, and aims to promote activities of all kinds among girls of all classes, between the ages of 10 and 15 years. The same emphasis is given to this work as is accorded to that for young women, in point of trained secretaries, suitable equipment, efficient committees and the co-operation of all other departments in the Association.

The campaign to raise a \$9000 maintenance fund for the next two years is on. A little more than \$5500 has been subscribed. The committees hope to finish the work by Saturday night. Subscriptions in any amount will be appreciated.

## IRON TRADE REVIEW

Cleveland, O., Nov. 25.—The Iron Trade Review today says: High prices for finished steel have failed to check buying and many makers, especially those in the east, are having serious trouble in meeting the excessive demand. Large buyers of billets and other grades of semi-finished steel are beginning to predict shut-downs of their plants if present conditions continue as the shortage of steel promises to be serious. An eastern steel car builder looks for continued idleness of some of his plants in the second quarter of next year. One eastern ship yard already has been held up by plate deliveries from eastern mills.

Among the advances of the past few days have been nuts and bolts, 10 per cent; rivets, \$1; spikes, \$2; shafting, \$3 to \$5; track bolts, \$2; cut nails, \$2; heavy melting scrap steel, 50 cents to \$1, and advances of from 50 cents to \$1 in pig iron quotations in different sections. Steel-making grades of pig iron have taken the lead in the buying of the past week.

Mr. John Underwood and son Welba spent Sunday with Mr. and Mrs. M. H. Billman.

Mrs. Jay Frampton and daughter Doris were the guests of her parents Wednesday night.

Protracted meetings will begin at Perry chapel December 6. Rev. A. K. McCall will be assisted by Rev. D. E. Brown of Dresden.

Mr. and Mrs. Frank Rinehart and son Frederick spent Sunday with Mr. and Mrs. R. A. Rinehart.

Mrs. R. C. Howell spent Tuesday evening visiting at St. Louisville.

Bargains in the Wants tonight.

## GIRLS-DO YOU KNOW WHY YOUR HAIR IS UGLY?

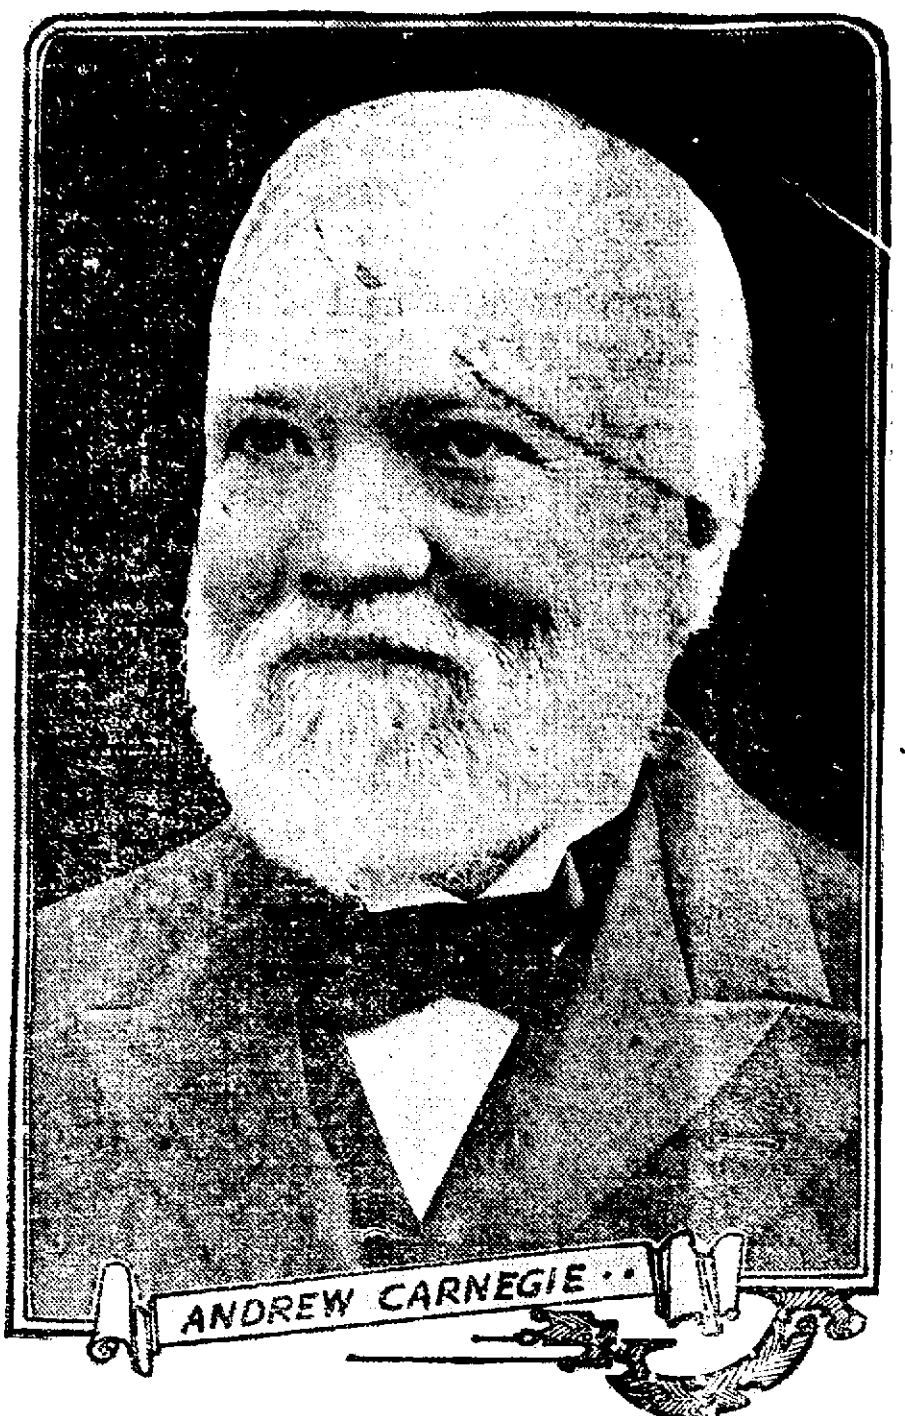

It is astonishing how much good looking hair does toward producing a youthful appearance and still more astonishing to realize how much the attractiveness of the hair is affected by the care we give it.

Loving care and frequent attention are as necessary to keep a woman's hair beautiful and luxuriant as is the tooth brush to keep teeth from decay.

Every woman who values the beauty of her hair as she ought to do should make it a never broken habit to frequently apply a little Parisian Sage, rubbing it briskly into her scalp with the finger tips.

Parisian Sage is Nature's modern handmaid to beautiful feminine hair. It is a simple, harmless compound of wholesome, nutritious ingredients that make an ideal lotion for nourishing both hair and scalp. It feeds and builds up the delicate hair and scalp structures making the hair soft, lustrous, brilliant and easy to dress and arrange. W. A. Erman and many other of our best druggists sell Parisian Sage and gladly recommend its use. Nov. 23-25-30.

## ANDREW CARNEGIE AT EIGHTY TODAY SEES BLESSED PEACE IN NEAR FUTURE

NEW YORK, Nov. 25.—Andrew Carnegie celebrated his eightieth birthday anniversary today in quiet fashion at his home here. A few friends, mostly comrades or associates of his earlier years, called to tender their annual congratulations and tonight he will entertain others at the family dinner. Asking for a brief message, he said: "All goes well with me. The world grows better and we are soon to see blessed peace restored and a world court established, when, in the words of Burns, 'Man to man the world o'er shall brothers be for a' that.'"

## MISS CHILDS IS WELL EQUIPPED FOR POSITION

Miss Elizabeth W. Hughes, executive secretary of the Y. W. C. A. and a member of the national board, who is here assisting in the present campaign, pays this tribute to Miss Childs, general secretary of the Newark Association.

We are constantly seeking for young women of large ability to carry the secretarial work of the Y. W. C. A. It demands technical knowledge, practical experience, Christian character, and general all-round ability to meet the demands of its diversified activities.

I had all of this in mind when recommending Miss Katherine Childs to the Newark Association as its general secretary. She knows Association work thoroughly, believes in its ideals, and is competent to put these into practical service. She loves and understands girls and is therefore able to help them.

Her large experience as director of the department of domestic science in North Dakota Agricultural College, as dietitian in Johns Hopkins hospital, as lunch room director in the Minneapolis and Cleveland Associations, make her especially valuable in this very practical department of Association work.

I was in close touch with her work as general secretary of Green County Association. To this now and untried field she brought knowledge, experience, and rare devotion, building a solid foundation for the splendid work now being carried on there. Because of my confidence in her general ability, and in her as an exponent of Christian young womanhood, I am very glad she is the general secretary of the Newark Association, and am confident that under her leadership the Association will become constantly a stronger factor for good in the life of the city.

## Interesting Children

BERTHA BLANCHE MYERS  
Little daughter of Mr. and Mrs. Luriel Myers. Taken at the age of 15 months when she weighed 28 pounds.

## RUSSIA SEEKS LOAN OF SIXTY MILLIONS

NEW YORK, Nov. 25.—Representatives of a group of Russian banks are negotiating with banks here for a new credit to the amount of \$60,000,000 to be used to pay for Russian purchases in the United States. The Russian government earlier this year borrowed \$25,000,000 here on bankers' acceptance. One of the proposals is to secure the new credit by the pledge of Russian government bonds, and the guarantee of the Russian government.

## UTICA R. F. D. 4

Rev. Mr. Curtis was at the Bell church both morning and evening, Sunday, Nov. 21. He will be back again in two weeks.

Many people of this vicinity attended the big meeting at the Christian church in Utica Sunday evening. Rev. Fred Guy Strickland conducted the meetings.

Mrs. Alinda Hunter spent Thursday of last week with her daughter, Mrs. Clara Hays.

Miss Lucille Edman spent Saturday and Sunday at the home of Mr. and Mrs. Henry Olaker, near Purity. Thorn Point Grange No. 1609, did not hold its regular meeting, Friday evening on account of the weather.

Lloyd Blackburn will hold a public sale Nov. 30 at his residence 2 1-2 miles east of Utica.

Mr. and Mrs. B. J. Edman spent Sunday with Mr. and Mrs. John Mahon.

Miss Faye Howell is spending Thanksgiving at her home in West Carlisle.

Mr. and Mrs. John Mills and son Wayne spent Sunday with Mr. and Mrs. John Clippinger and family.

The box social at Polkstalk was put off until December 2.

The Non-Such Embroidery club met at the home of Mrs. Mary Abbott last Thursday with six members present. After an hour's needlework, a dainty lunch was served. The next meeting will be at the home of Mrs. Homer Cooksey.

Mr. and Mrs. Harry Hunt were "serenaded" last Wednesday evening. Mrs. Hunt was Mabel Elizabeth Metcalf of Dayton. A shower was given Tuesday evening at the home.

## YOUR BRONCHIAL TUBES

When a cold settles in the bronchial tubes, with that weakening, tickling cough, immediate treatment is very important. The breath seems shorter because of mucous obstructions; usually fever is present, your head jars with every cough and your chest may ache. This is no time for experimenting or delay—you must get Scott's Emulsion at once to drive out the cold which started the trouble, and it will check the cough by aiding the healing process of the inflamed membranes.

If you have any symptoms of bronchitis, or even a stubborn cold, always remember that Scott's Emulsion has been relieving this trouble for forty years. It is free from alcohol or drugs. Refuse substitutes. Scott & Bowne, Bloomfield, N. J. 12-25

## COLUMBIA GRAFONOLA

THE Columbia Grafonola is a musical instrument of magnificent range and power, yet capable of the utmost delicacy of expression.

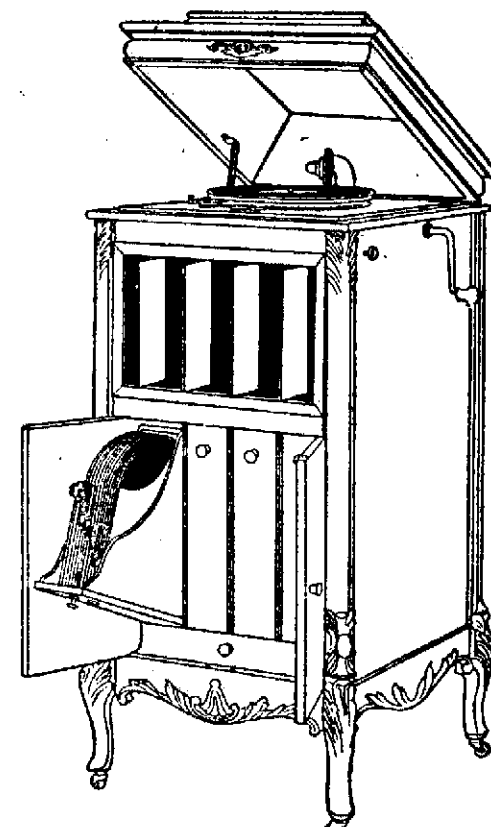

The wonderful Columbia sound-chamber, as responsive to every slightest vibration as the body of a cello; the sensitive Columbia reproducer; the perfected tone-arm and the tone-control "leaves" that operate on the principle of an organ's shutter—all exclusive Columbia features, representing the highest developments of acoustic science—give the Columbia Grafonola a clearness and flexibility of tone not even approximated in any sound-reproducing instrument, heretofore devised.

The musicianly qualities of the Columbia Grafonola, and the matchless fidelity of Columbia records have made both pre-eminent the choice of musicians of discrimination. "Hearing is Believing." That is the final test.

Dealers will be glad to arrange for a demonstration in your home.

WARDEN HOTEL

Monday, November 29

9:00 a. m. to 8:00 p. m.

C. C. WEIST, M. D.

If your disease is chronic, consult Dr. Weist. It will pay you.

### PRACTICE LIMITED

to Chronic Diseases of the Head, Nose, Throat, Ears, Bronchial Tubes, Stomach, Liver, Bowels, as Indigestion, Dyspepsia, Biliousness, Constipation, Diarrhoea, Blood, Heart, Skin, Rheumatism, Eczema, Pimples, Scrofula, Bad Blood, Nerves, Spine, Neuralgia, Nervous Exhaustion, Dependence, Kidneys, Bladder, inflammation of Kidneys and Bladder.

**Home Treatment for Women.** Only at Home. Treatment can be used at home without delay from work, for such troubles that thousands of women are great sufferers. If you have Goiter or Big Neck see Dr. Weist.

### DISEASES OF MEN

Dr. Weist wants to have a talk with every man that is suffering with a nervous breakdown, discouraged, or diseases of a private nature. Why not consult Dr. Weist because he has made regular monthly visits to this community for years, and has an established practice. Because his practice is limited to Chronic Diseases. Because his patients consist of long-standing cases who have failed to get results elsewhere. At least three-fourths of his patients are sent to him by his former patients.

### REMEMBER

That Dr. Weist invites you to call and consult him.

**Stomach Troubles Quickly Cured.** People go on suffering from little stomach troubles for years, and imagine they have a serious disease. They over-eat or overdrink and force on the stomach a lot of extra work but they never think that the stomach needs extra help to do the extra work.

If these people would take Tono-line Tablets regularly they would be a great big help to the stomach in its strain of overwork. No matter what you eat or drink Tono-line tabs sweeten your sour stomach and stop gas belching in five minutes. The heaviness disappears, and the stomach is greatly aided in its work of digestion.

**Tono-line Tablets** not only promptly relieves all distress, but if taken regularly will absolutely cure indigestion by building up the flabby overworked walls of the stomach and make them strong enough to digest the most hearty meal. \$1. for 15 days' treatment.

## Martins Ferry Game Starts at 2:45; McDaniel Team Is in Good Shape for Contest

Everything is in readiness for the final football contest of the season this afternoon when the undefeated McDaniel team of this city meets the Martins Ferry team at Wehrle Park. The game will start at 2:45 o'clock. The McDaniel team had a signal drill last night at Sixth and Main

streets and this morning a heavier scrimmage work at the park polished off the plays which will be used this afternoon against Martins Ferry. This team will arrive soon after noon and according to advices from the east a fair sized crowd of rooters accompanied the team.

### M'DANIEL FOOTBALL SQUAD WILL MEET MARTINS FERRY ELEVEN TODAY

M'DANIEL FOOTBALL TEAM.

The McDaniel team is undefeated after two seasons of play and the Martins Ferry team comes fortified with the services of seven college stars. These combinations should insure a rare Thanksgiving day contest.

ESTABLISHED IN 1820

Entered as Second Class Matter  
 March 10, 1882, at the Postoffice at  
 Newark, Ohio, under Act of March 4,  
 1879.

Owing to the scarcity of cats, high prices are predicted in seal skin and sable furs.

Congress can not expect the country will pay much attention to its debates until it has read all about Mrs. Galt's trousseau.

The boarders are presumptuously hoping that the remains of the Thanksgiving feast will be disposed of before Christmas dinner.

If a newspaper agrees with certain people, it is considered an open forum, independent and unbiased; if it disagrees with these people it is bought up.

In spite of the vast number of men that have been hunting for the past two months, few people's bill for butcher meat has been appreciably decreased.

The newspapers can't find space for the official returns of the recent election because so much space is taken up by the figures of the league batting averages.

In case an invading army should land on our shores, it would not be sufficient defense to have the school children come out and sing "Kind Words Will Never Die."

There can't be much profit in electric railways nowadays, but the public is kindly willing to patronize them on stormy days when it is not pleasant to ride in jitneys.

It is not customary for people to call doctors for attacks of indigestion nowadays, but if the dog refuses his supper, the veterinary must be telephoned for quick.

President Wilson is said to do quite good work writing out his own messages on the typewriter, and he probably does not stop and run to the window when the hurdy gurdies play, either.

Some time ago the writers and producers of plays made up their minds that when they couldn't think of any other way to be funny, they could work in swear-words, and that what the public principally wanted was indecency. Since then there has been a big falling off in theater attendance. The two things may not be wholly disconnected.

## Popular Songs.

J. Fred Helf, author of "Everybody Works But Father," and more than a hundred other popular songs, has just died at Liberty, N. Y. Nearly everybody in the United States has been familiar with a number of his compositions. Yet probably not one person in 10,000 ever heard of his name. It is an anonymous and evanescent kind of fame.

The contagion of popular songs of this type is something marvelous. Enterprising publishers distribute them to every music store in the land, and within a week all the picture theaters, minstrel and burlesque shows are trying them out. In another week they have been heard by many millions of people, and their infectious melodies are heard on every street.

Unfortunately these transient compositions take the place of the fine old songs that everyone used to know. The crowd that used to get together on door steps and sing "Swanee River" and "Ben Bolt" have long ago lost their voices. The young folks know not the words and scarcely the airs of these classics. Nothing that is more than three months old is up to their pace, and the market for the songs of this type seems illimitable. It must be admitted that they have a very

## Gastronomic Exploits.

Among the achievements of the American people must be reckoned their capacity to consume a colossal amount of food, particularly on such occasions as Thanksgiving, Christmas, and New Year's dinners. The sociologists might well investigate whether any other nation ever executed such stupendous gastronomic feats.

The present generation has suffered to some extent in appetite because more of us live indoor lives. But still the American people are very largely an outdoor race. A great many people pursue athletic sports. The immigrant classes come from work in the fields and have wide and hungry mouths. And the proportion of people engaged in outdoor work on farms is still large. Also there are many people who spent their youth in the newer parts of the country, doing pioneer work outdoors. So a very large part of our people still live lives, or have acquired habits that stimulate great appetites.

The old fashioned housewife was not ready for winter without a vast store of pies, cakes, and preserves. But great as this store might be, it rapidly melted into cavernous gullets.

The Thanksgiving and Christmas dinners are still occasions in millions of families where the national capacity for large eating is displayed. After the ordinary worker in a shop or office has partaken of one of these feasts, about all he can do is to lie down and trust to a beneficent Providence. After he has filled himself with turkey and probably some other fowl, he may be asked to feast on some heavy course of game. And the perils of a voluminous dessert have not yet even been sighted. The townswoman's undeveloped maw gasps and cringes before these barbaric banquets.

In town life the cost of living has abridged these gorgeous layouts. But in many a farm family, raising its own food on which no middlemen or trusts lay a tax, where housewives still glory in cookery, gastronomic triumphs are still recorded that fully emulate the deeds of the fathers.

The question is asked what has become of the Old Timer who used to put his money into government bonds because the savings banks were too risky? Well apparently he has bequeathed a modest estate to his son who has promptly invested in war stocks at top prices.

Some people seem to think that by creating a lot of new banking organizations and paying salaries to a lot more people, the farmers are going to be able to borrow money for four per cent instead of seven.

Although a famine in one dollar bills is reported, the tradesmen at the back door as usual will have accounts of \$3.55, \$4.50 and \$4.75 to be settled, and will be unable to make any change.

It seems strange that some people will keep on speaking of the "useless army posts," when the money distributed through them helps the Congressmen from those districts to get re-elected.

There is a widespread feeling among the Congressmen that Preparedness is a mighty good thing provided their districts get their fair share of the increased appropriations.

Apparently the useless army posts must be continued, the military necessity for same being the presence of influential congressmen from the districts where these posts are located.

## A Woman's Prayer for Peace

Unto Thee, O Lord, we cry in the night of the world's darkness, for the coming of the dawn of peace. Is not the earth thine? Are not the hearts of all men in Thy keeping? Remember the desolated homes, the long suspense of waiting, the sorrows of the exiled and the poor, the growth of hate, the hindrance of good and make an end of war. By the love we bear towards fathers, brothers, lovers, sons; by the long agony of trench and battlefield and hospital; by the woe brought home to the hearts of mothers and by the orphaned children's need, hasten Thou the coming of the ages of good will. Raise up leaders for the work of peace. Show us our part in this redemption of the world from cruelty and hate and make us faithful and courageous. In the name of Christ whose kingdom is our heart's desire and whose will for men is love. Amen.

## Good Old G. O. P. Days.

(Philadelphia Record.)

When Representative James R. Mann, the Republican floor leader in Congress, speaks of "the incompetency and imbecility of the Democratic party," he and other stand-patters who use similar language imply that when the G. O. P. was in power all governmental affairs moved with absolute smoothness and efficiency and that wisdom, energy and purity were the ruling motives of those in authority. Such a facial picture may do for those who were born yesterday, but everybody whose political memory goes back no farther than 10 years knows that Republican discord, corruption and ineffectiveness were the distinguishing characteristics at Washington before the disgusted people turned the whole pack out and put the Democrats in power.

During the last half of Theodore Roosevelt's second term he and the Republican leaders were at such loggerheads that they were not even on speaking terms, and the fact that the President favored some measure was enough to condemn it in the eyes of the House and Senate. Some of his recommendations were treated with a contempt that was insolent in the extreme, and when he put forward some of his half-baked ideas, such as a reform of the spelling in governmental documents, the infuriated Senators and Representatives refused to allow the messages even to be printed at the expense of the public. Mr. Roosevelt retaliated by ordering the Secret Service agents to investigate the private lives of leading Republican opponents—one of the most outrageous abuses of executive authority ever known in the United States.

President Taft's Administration was one protracted uproar. Beginning with the Ballinger scandal and the gross violation of political good faith in the passage of the Payne-Aldrich tariff bill, matters went from bad to worse. The uprising against Cannonism marked a definite split in the Republican party, and the dissension grew as the well-meaning but tactless President blundered from one mistake to another. Confusion ruled in the departments at Washington, and with a majority in the House and Senate against him Mr. Taft was helpless. The culmination of this party feud, which unfavorably affected the public service, came in the definite break at Chicago in 1912, and the formation of the Progressive organization.

It is well enough, for purely partisan purposes, for Mr. Mann and his ilk to talk about Democratic incompetency and imbecility, but the truth is that, in comparison with the Republican eight years from March 14, 1905, to March 4, 1913, the Administration of Woodrow Wilson has been calm, except for the complications of the great war and Mexico, free from incidents that provoke public excitement. Certainly it has been singularly clear of scandal and all the sordid corruption and graft that in many forms marked Republican Administration. The American people know this, too, as the result of the Congressional elections in 1914 showed. Mr. Mann will make no votes by this line of attack.

## Purity and Health.

(Ohio State Journal.)

Pure air, pure water, pure food, pure thoughts, pure body—all these, mixed with a gentle exercise and a joyous disposition are landmarks along the road to health and happiness. They all refer to affirmatives, positive action. If one could be guided by them, there would be no need of medical inspections or boards of health to fight on the negative side of life, but to stand up for the positive and impress that so deeply upon the public mind that the road to health would be crowded with people. The state board might see that the rules of health are posted in every house and schoolroom in the state, expressed briefly in plain type. Inducting the people in the laws of health would prove far more effective than teaching them the conditions of disease.

Every school teacher ought to be a health officer. No pupil ought to leave his school without knowing the affirmative rules for keeping well. They are easy to learn. One can learn them in five minutes, and impress a whole school with them in less time. We can drive disease from the state more effectively through our educational channels than through warnings and alarms.

## The New Age.

(Collier's for Nov. 27th.)

We may be on the verge of startling developments in electricity. The engineers of the American Telephone and Telegraph Company, headed by John J. Carty, have made it possible to talk by wire and wireless from New York to Honolulu and Paris. Nikola Tesla is to share the Nobel prize in physics with Edison

and thinks that it is for his recent discoveries in the wireless transmission of electrical energy. What these things may mean to the future life of our race cannot be clearly imagined. But we think the great electrical service of the last fifteen years has consisted in the tireless, detailed working out of the application of this agent to the needs of daily life. Our country has been gridironed with telephones and trolleys; thousands of generating stations have been put to work; railroad terminals have been made cleaner and almost indefinitely more efficient; and countless inventions have brought electricity into the constant service of business and of the home. This process has gone on so quietly and steadily, and with such cumulative effect, that it takes a distinct effort to recall what things were like before these uses of electricity became so many and so universal. The miracles of yesterday are the habits of tomorrow. The public problems of regulation and control must be viewed from this standpoint of unceasing growth, for the supreme public interest concerning electricity is that the possibilities of the future shall be realized, that this force shall become an even more basic factor in our every day life. The is a matter, not of cutting financial melons, but of founding a new sort of civilization. We are only at the beginning of the age of electricity, and no one can say what advances are yet to be made.

## Rippling Rhymes

## Thanksgiving.

The sun of peace serenely shines upon our festal and our vines, the justly famous dove, the blood-tied climes are sighing for, its pinions all unstained by war, is fluttering above. Your home, perhaps, is plain and poor, but in it you may dwell secure, and rest when evening comes; no howling foes approach your door, insisting on three quarts of gore, and death to sound of drums. You milk the cow and gather eggs, and no one shoots you in the legs, or prods you with a spear; war racks old Europe's weary strand, war stalks in almost every land, but Peace abideth here. All other benisons and boons seem cheaper than a dish of prunes, beside this mighty fact, that we have peace while others slay, and find up our right of way no grisly dead men stacked. The groaning barns, and bursting mows, abundant crops and fertile cows, for which we render thanks, the rolls of butter we have churned, the mortgage that we lately burned, the money in the banks—all these sordid things for which to send up anthems grand and rich, in ecstasy of praise; the dove of peace, the milk-white dove, that flutters chants our days.

Is Brushpan a good artist? "Is he good? Why, he not only can draw pictures that are good, but he can draw hacks that are good."—Pittsburgh Post.

## BABES IN THE WOOD

## Spirit of the Press

## For Deceptive Statements.

The officers of the Hamburg-American Line now on trial in New York are on trial primarily for deceptive statements on which they obtained clearance papers for steamers loaded with supplies for German cruisers which seem to have had their cargoes on board before hostilities— which is a coincidence, or something else. But several of these supply vessels were sent out after hostilities began, which was a flagrant violation of the neutrality laws. The Government charges an attaché of the German Embassy with directing the enterprise.—Philadelphia Record.

## Few Motor Cars in Japan.

Japan has not received the motor-car or motorcycle with any great enthusiasm. It is estimated that the total number of motorcars in Japan is from 1500 to 1550. Their use is confined to the capital and the so-called treaty ports and their immediate neighborhood. At present the owners of motorcars are either wealthy Japanese or foreigners. Long excursions are seldom undertaken as the roads are too narrow. The Japanese public do not understand the system of hailing a taxi in the street, and the competition of the riksha has proved rather too strong. The use of motorcycles in Japan is spreading. The number at present in use in Japan may be placed at from 550 to 600. There are however, over half a million bicycles.—East and West News.

## Haiti the Fourth.

Haiti becomes the fourth Latin republic to snuggle under the wing of the United States. There is no precise similarity in the positions of the four protected republics, Santo Domingo, Nicaragua, Panama and Haiti. But each is unmistakably under United States protection. American lives have been lost in the recent Haitian troubles. American marines have fought as bravely as the soldiers in the world war. But the great conflict in Europe and the great anarchy in Mexico have obscured the Haitian episode which in normal times would have fixed the national attention. For it is a really important incident in modern American history. The Mexican conditions have been almost precisely similar to those which prevailed in Haiti, but the problem is immensely more difficult. A handful of marines sufficed to pacify Haiti, a great army would be required to establish order in Mexico. The Haitian incident clearly establishes the significance of the New Pan-American doctrine of the United States, and it applies to Mexico as directly as to Haiti.—Cleveland Plain Dealer.

In placing orders in this country for many millions of yards of cloth for overcoats, Russia seems to think that Germans are not going to make it hot enough for her this winter.—Kansas City Journal.

## THE WHOLE BODY NEEDS PURE BLOOD

The bones, the muscles, and all the organs of the body depend for their strength and tone and healthy action on pure blood.

Food's Sarsaparilla makes pure blood. It is positively unequalled in the treatment of scrofula, catarrh, rheumatism, dyspepsia, loss of appetite, that tired feeling. There is no other medicine like it. Be sure to get Hood's and get it today. It is sold by all druggists.

There is a new angle to the bull throwing brought about by the war in Europe. Every now and then you will meet a man who will get you to turn over to the financial page of your newspaper and tell him what Steel common did today. ## Society

Mr. and Mrs. Frank Woolson of Tenth street entertained relatives from Mt. Vernon at dinner today.

The first dance of the winter to be given by the Alfretha Club was enjoyed by a number of dancers at Masonic Hall on Wednesday evening. The dance program was arranged by the Harry Rosebraugh orchestra and an appetizing supper was served. The dancers were Mr. and Mrs. John H. Franklin, Mr. and Mrs. Charles F. Rhodes, Mr. and Mrs. T. J. Daly, Mr. and Mrs. Tom J. Evans, Dr. and Mrs. Clark B. Hatch, Mr. and Mrs. Clarence Halsey, Mr. and Mrs. Lawrence M. Kreig, Dr. and Mrs. D. J. Price, Mr. and Mrs. G. E. Pickup, Dr. and Mrs. E. J. Russell, Dr. and Mrs. J. P. Shal, Mr. and Mrs. Oscar Scheider, Mr. and Mrs. Ralph L. Davis, Mr. and Mrs. G. Harrington Davis, Mr. and Mrs. George Upson, Mr. and Mrs. Fred Warner, Mr. and Mrs. Jay Cooper.

Misses Rhea Ingler, Dorothy Edmiston, Mary Sherwood Wright, Mary Fuller, Hazel Altshool, Mabel Smucker, Virginia Dadsweil and Pearl Mercer.

Messrs. H. Bainbridge, Tom Collins, Warner Devoe, Frederick Hall, Albert Jones, Roderic Miller, Theodore Neal, Howard Rugg, Walter Sperry, L. P. Shinn, Harold Smucker, Frederick Wright, John Ward, Charles Ward, George Hayden Jr., Clifford Sherburne, Ned Putnam and Mr. and Mrs. Bryon Ashbrook, of Johnstown, O.

Mrs. Charles H. Stimson delightfully entertained the members of the Country Club Luncheon Club at the home of Mrs. David Dowden in Hudson avenue on Wednesday.

There will be two delightful dances given this evening. The members of the Masonic lodge will be entertained informally with a dancing party in Masonic Temple, and the members of the Phi Sigma Chi fraternity are entertaining with a formal dance for the members alone at Assembly Hall. An elaborate menu has been prepared for the dinner which will be served during the evening.

The second of the series of dancing parties arranged for this season by the Centum Dancing Club was given in Assembly Hall on Wednesday evening. The hours were greatly enjoyed and a dainty luncheon was served in the balcony to a large number of dancers.

Mrs. Maurice Kent and Mrs. Bernard Kent are entertaining at the home of Mrs. Bernard Kent in Day avenue with a Thanksgiving dinner party. The appointments are in yellow and the table is centered with a basket of yellow chrysanthemums. The guests are Mr. and Mrs. John Hankinson and son, Kenneth, of north of Newark, Mr. and Mrs. C. W. Kent, Miss Olive Kent, Mr. and Mrs. David Kunninger and little daughter.

### Your Boys and Girls

The child that gets into trouble because he does not know what to do with himself is perhaps aware that things are not just right with him, even though he does not know how to remedy the situation. It is distinctly the duty of the parent to discover the source of the badness and apply the remedy. We must make sure that the child is in good health and that he is provided with the opportunity to do interesting things that are worth while.

If children, under these circumstances, behave themselves acceptably we must take their conduct as a matter of course, and not praise them for what they cannot help any more than we should blame them under the same circumstances. We may urge them to greater exertion, or we may caution them to be more careful; but good and bad are not the quality of their everyday acts, no matter how pleasing or displeasing the consequences may be to our feelings.

### Every Day Etiquette

"How should I wear my Napkin at a dinner?" inquired George. I see so many different ways of doing this that I am somewhat confused.

"There is only one correct way," advised his mother. "A man should lay his napkin across his knee. To tuck it in his collar of high in his vest is very bad taste."

## CAPITAL DEBUTANTE TO MAKE BOW SOON

Miss Lillian Hendrick.

Miss Lillian Hendrick will be formally presented to the Washington smart set at a reception and dance to be given a few days before Christmas by her mother, Mrs. David Stewart Hendrick.

### In Milady's Boudoir

By Gwen Sears

It is not necessary to diet to reduce the weight. If enough oxygen is taken into the system regularly fat cannot accumulate. Relaxation is a question of controlled breathing. The nearest approach to real rest is to lie flat upon the back, on the floor or other unyielding surface, and breathe rhythmically. The exhalation must be controlled and be equal in time to the inhalation. Spread the arms and legs to a comfortable angle and turn the head to one side to relieve the tension on the neck muscles.

You should then concentrate which becomes realization through repetition. Following are some of the exercises which, practised five minutes a day, will keep a woman young and lovely until four score and ten years at least:

Stand erect. Slowly extend the arms, hold them tense until a warmth is felt in the palms and tips of the fingers. Lie flat on a hard surface and stretch the arms above the head. This may be done on a couch or in bed by invalids and is especially useful for arousing circulation.

Lie flat on the back with one arm at the side and the other across the body to control rhythmic breathing and quiet the nerves, after which deep breathing becomes automatic in any position. Stand erect with one arm outstretched, the other raised to the head. Have the mental impulse of starting to walk. This flattens the abdomen, strengthens the torso and spinal columns without conscious effort, and controls the breath. Throw the weight on the left foot, the right stretched backward, the left arm extended in front and the right extended back. In this position the whole body may be energized through breath control without muscular effort.

Control the breath, raise one knee, bend over and touch it with the chin. This is excellent for reducing thick waist lines.

### OSTRICH FEATHERS AGAIN.

For a number of seasons ostrich feathers were pushed to the background. This season they are brought to light again, and after their long rest they come forth in most gorgeous colorings. Ostrich tips seem to be used more than the long ostrich feather, and there are very saucily placed at the back of many upturned hats. The single ostrich feather is seen in long lengths, and these usually encircle the brim or the crown of a large hat. In one instance the whole upper portion is entirely plumes.

### SPANISH PRINCESS WRITES OF KAISER

Infanta Eulalia.

In her most recent book, "Court Life from Within," the Infanta Eulalia of Spain, aunt to King Alfonso, throws upon the screen some new and interesting facts about Emperor William. She declares that court life at Berlin is the most formal and the most medieval in Europe.

### Petition for Divorce.

In a petition charging non-support and alleging that the defendant failed to speak to her for long periods, Mrs. John F. Kussmaul (May Miller) yesterday asked the probate court to grant a decree of divorce and restore her to her former name of May Miller.

The petition states that they were married in an eastern city March 8, 1908 and that no children were born to them. She alleges that he has failed to support her though he is able to do so. She asks the court to bar the defendant from all interest in her property.

### MISSSES' WINTER SUITS.

The box coat for misses is very youthful and becoming. Another style for misses is the flare coat, the fullness starting from the shoulders and occasionally from a small yoke. This is also made quite short and jaunty. Sometimes these coats are made with a flare back and a more fitted front. Russian styles are well liked for young people. Some of them fasten at the side, while others button up the front. Belted coats will also be worn to a great extent. Sometimes the belt appears only at the sides, while in others it appears only in back and front. Many times belts are placed at a low waist line. High collars are worn with almost all suits, frequently arranged so as to be worn either open or closed. Coat sleeves are in regulation style, set on at a low shoulder or in modified raglan effect. Flare and gannet cuffs are often used as a finishing touch.

## U. S. MAN WEDS RUSS PRINCESS; IS MADE GENERAL BY CZAR

Dr. Philip Newton.

Dr. Philip Newton of Washington is now General Newton of the Russian army. At the outbreak of the war he joined a Red Cross unit bound for Russia in order to forget his grief at the drowning of Miss Alice Dorothy Nixon, his fiancée. He was placed in charge of a hospital at Kiev. There he met the Princess Shakhovskaya, of Petrograd, a volunteer nurse. They were married. Now he has been made surgeon of the czar's sixth army corps, with the rank of general, the highest given any American with a European army.

### RECEPTION FOR ZANESVILLE MEN TO COME FRIDAY

An escort of Newark business men in a half dozen automobiles, will meet the Zanesville business men Friday afternoon at Jacksontown and escort the visitors to Newark where a lunch will be served and a reception held.

It is planned, if time will permit, to take the Zanesville visitors around the city on a sight-seeing trip, and it is probable that the Weiland greet houses east of the city will be visited.

## Obituary

Mrs. Louise Tottenbeck, William Butler of Eddy street, received a telegram yesterday announcing the death of his sister, Mrs. Louise Tottenbeck of Terre Haute, Ind. Mrs. Tottenbeck's husband died only two months ago. Besides Mr. Butler, she leaves two sisters, both living in Terre Haute.

Mr. John M. O'Connor, aged 82 years, died at the home of his daughter Mrs. Harry G. Miller, 297 German street on Thursday morning at 6 o'clock. Mr. Miller had been in failing health only during the past week, and his condition was not considered serious. Death resulted from infirmities incident to his advanced years.

He was born in Ireland and had made his home in Dayton until about two years ago, when he came to Newark to make his home with Mr. and Mrs. Harry Miller. He is survived by one son and four daughters. The arrangements have not been made for the funeral services but the body will be taken to Dayton, for burial.

Lewis G. Spellman, aged 76 years, died at his home in the Mt. Vernon road Thursday morning at 2 o'clock. He has been ill for the past year but pneumonia developed and was the direct cause of his death. He was born, March 6, 1839. No arrangements have been made for the funeral.

HARMON

AND NICHOLAS LONGWORTH ATTEND THE SAME CONFERENCE

Non-partisan Fair Circuit Will Offer Prizes—Licking County Boys Eligible.

Cincinnati, Nov. 25.—The campaign for good county fairs in Ohio, next year will start at Cincinnati, Gibson House, November 23 and 30. Each year the County Fair is becoming a more useful institution. The Ohio Fair Circuit Boys will meet in the Queen City to plan a program for 1916. More interest is manifest in this coming conference than was shown in any previous gathering. Ex-Governor Harmon, Mayor-elect Puchta, and Congressman Nicholas Longworth will have red blood.

The Cincinnati Chamber of Commerce will give a complimentary dinner to the attending Hon. Meyers Y. Cooper, President of the Hamilton County Agricultural Society, and Hon. W. C. Culliken, Secretary of the Chamber of Commerce, will be the hosts. This fact insures entertainment knee-deep.

This annual meeting has grown until the attention of middle-west and southern states has been centered upon it.

Travel and a hand shake with the other fellow helps Fair Manager to be better fitted for his duties.

Fair managers play to a big house. They please or displease two million people each season. The lagard has no business to be in the game. The "live" ones attend the annual meetings. The program hits the high spots. That this will be the largest meeting ever held in Ohio is assured.

Officers and Directors of every Agricultural Society in Ohio, Exhibitors, Privileged Men, Expert Judges, Owners and Drivers of peed Horses, in fact anyone who is interested in County Fairs and Race Meetings. Many Secretaries report that their entire Board of Directors will be present.

First session Monday, November 22, 1915, at 1:30 p. m. Complimentary dinner by the Hamilton County Agricultural Society and Cincinnati Chamber of Commerce in Gibson House Banquet Hall, 6:30 p. m.

Business Session Tuesday, November 23, 9 a. m.

A. P. S. A. D. L. S. President: A. E. SCHAFER, Secretary, Wapakoneta, Ohio, Ottawa, Ohio.

STATEHOOD FOR ALASKA.

(ASSOCIATED PRESS TELEGRAM)

Seattle, Wash., Nov. 25.—Delegate James Wickham of the north, enroute to Washington, announced today that he would introduce a bill at the coming session of congress providing for statehood for Alaska. Another measure would provide for the establishment of a naval base at the Alaskan port.

HILLSTROM'S FUNERAL.

(ASSOCIATED PRESS TELEGRAM)

Chicago, Nov. 25.—Songs written by Joseph Hillstrom, a member of the Industrial Workers of the World, who was executed in Utah last week for the murder of a groceryman and his son, were sung in a dozen different languages at his funeral service here today. In accordance with Hillstrom's wish his body will be cremated.

CORNELL CONFIDENT OF WINNING TODAY

(ASSOCIATED PRESS TELEGRAM)

Philadelphia, Nov. 25.—Under ideal weather conditions the teams of the University of Cornell and Pennsylvania lined up on the Franklin field for the 23rd annual football game between these two universities. Cornell was confident of victory, and its followers who thronged the north side of the field were offering wagers of three to one, that the Indians would win, two to one that Pennsylvania's score would be doubled, and even money that the Quakers would not score. Both teams were primed for the contest.

DENISON PLAYS MT. UNION TODAY DOANE ALSO AWAY

Denison University's football eleven is playing Mt. Union at Alliance today, the closing game of the season. Doane Academy is playing Cambridge High school at Cambridge. The team left for Cambridge over the B. and O. this morning.

MANY SERBIANS CAPTURED.

(ASSOCIATED PRESS TELEGRAM)

Berlin, Nov. 25.—Via London.—(Bulletin).—Large numbers of Serbians were captured by the Austrian-German forces at Mitrovitza and Pristina, the occupation of which was announced yesterday. The war office today announced the capture of 10,000 Serbians at Mitrovitza and 7400 at Pristina.

HEAVY GUNS ARRIVING.

(ASSOCIATED PRESS TELEGRAM)

Copenhagen, Nov. 25.—Via London.—A telegram received here from Berlin today says that great consignments of heavy Japanese guns are arriving daily at Odessa on the Black Sea coast of Russia. It is inferred co-operation of Russian forces in the Balkan campaign is to begin shortly.

SOME FUNNY ANSWERS

Unconscious Humor Shows in Replies Made at Regents' Examination in New York.

Spontaneous humor—which is usually unconscious humor—surprises in happy surprise any attempt the humorist who has studied his art, can put forth. Here are some actual answers to questions propounded in the Regents' examination [for admission to the University of the State of New York] at Albany, N. Y. From these highly amusing character and variety it is plain that the Empire State is richer in humor than the workaday public has ever imagined, says Judge.

How to Remove Blood Stains.

In the November Woman's Home Companion appears a page entitled "The Exchange" devoted to suggestions developed by housekeepers out of their practical experience. A Missouri woman sends in the following: "To remove a blood stain made by a pricked finger or any silk material, place about four inches of white sewing silk in the mouth and moisten. Then roll into a ball and rub the spot gently, and the stain will disappear as if by magic. Just try it and see."

NEW YORK'S THANKSGIVING.

(ASSOCIATED PRESS TELEGRAM)

New York, Nov. 25.—More than 5000 Thanksgiving day dinners were served to the inmates of public institutions today. In addition thousands of dinners were distributed to the poor by charitable organizations. Owing to the belief that there is less distress among the poor this year than for several years some of the large charitable organizations discontinued their custom of giving large dinners.

Ten thousand pounds of Thanksgiving day dinners for the sailors of the first division of the Atlantic fleet in the Hudson river. Eleven from the battleships Wyoming, and South Carolina will play in Brooklyn this afternoon.

Curious Telegraph Lines.

The most original telegraph line in the world once extended from La Paz, the capital of Bolivia, to the neighboring town of Oruro, a distance of about 150 miles. There are no growing trees in this part of the world, and wood of any kind is so rare that the telegraph poles were made of the same material as the natives' household furniture—dried mud. The househould built on stone foundations and measured about five feet square at the base, with a tapering height of fifteen feet. They were placed about 300 feet apart. Another curious telegraph line was constructed in Uganda by a British engineer, who transported growing trees to the roadside and used them as poles because he could not find any "dead" wood that would withstand the ravages of the white ants. In Dutch East India growing trees are also turned to account in this manner, but there a wire is stretched across the road between the trees on either side and the actual telegraph line suspended down the center.

# FRENCHMEN HERE TO BUY MACHINERY GET U. S. LAWYER TO GUARD INTERESTS

Left: M. Damour (top) and G. Couffour. Right: Y. Lasseur (top) and E. Delesalle. Center: Paul Fuller.

France has sent to the United-States representatives charged with the task of arranging to build up her manufacturing plants, many of which have been destroyed in the war. These factories formerly equipped with German machinery will be fitted with American machinery after the war and the French Trade Commission is here to arrange for its purchase. Members of the commission, together with a new photograph of Paul Fuller, their American legal adviser, are shown above.

## RECORD OF THE PAST

No Stronger Evidence Can Be Had in Newark.

Look well to their record. What they have done many times in years gone by is the best guarantee of future results. Anyone with a bad back; any reader suffering from urinary troubles, from kidney ills, should find comforting words in the following statement:

G. K. Buckel, 31 Granville St., Newark, says: "I had pains through my back and kidneys. My kidneys were irregular in action, too. Doan's Kidney Pills procured at Crayton & Co's Drug Store, gave me relief." (Statement given November 3rd, 1911.)

USES DOAN'S OCCASIONALLY. MORE THAN TWO YEARS LATER, Mr. Buckel said: "Whenever I have rheumatic pains in my back, I use Doan's Kidney Pills. They always fit me up in good shape. Others in my family have also been benefited by Doan's Kidney Pills."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Buckel has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

### Restless Flat Hunters.

The restlessness of the flat dweller is a national mystery. Why does he go forth inevitably in the spring to find another flat and to insert his family and furniture therein? As likely as not it is the flat which he abandoned five years ago. Since then he occupied four other flats, each a vast improvement over its predecessor, and he is now delighted with the new flat which he left in disgust five years ago. He has spent hundreds of dollars in arriving at this stage of happiness, but he will abandon the flat again next year and flit on in a moving van as large as a small chapel.

We falter, appalled at the task of discovering the flat dweller's purpose until we consider the strangely similar restlessness of the sick man who lies on one side until he can't stand it any longer and then, with the assistance of his devoted family, is turned over on the other side. The change is a delightful relief, although a few hours before he couldn't endure to lie on that side a minute longer.—George Flinch in Collier's Weekly.

### FULL OF RHEUMATISM?

Your Case is not Hopeless When You Know Where to Seek Relief.

T. J. Evans or any druggist in this city will promise to give your money back if you are not cured of rheumatism after using two bottles of genuine Rheuma. To those who know the wonderful results secured with Rheuma this offer is not necessary, but there are many who have failed to get results with other medicines and this offer is made to convince the sceptical.

Hear what T. M. Baird, of Delton, Mich., has to say: "I was taken with rheumatism in my hips and limbs. It was all I could do to walk or work. Last spring I tried a bottle of Rheuma, and three bottles did the work. I am not the only one here who has been benefited. Rheuma rids the system of uric acid, the poisonous sediment which is the chief cause of rheumatism."

Be sure to get the genuine—ask for Rheuma in liquid form. 50 cents.

### Anxious to Help.

He (after the honeymoon)—Has your father said anything about helping to provide a home for us? She—Oh, yes, indeed! He said that when we had a home of our own he would buy me a cookbook and allow mother to come and teach me how to use it, even if it took a year.—New York Weekly.

Nine out of ten persons  
have this dread disease

Pyorrhea—the most general disease in the world—is the disease you should be guarding your teeth against. It is caused by a germ which is found in every human mouth.

Thousands have already lost some or all of their teeth from this disease; in thousands it has reached the stage of bleeding gums and loose teeth; in thousands of others the germ, unsuspected, is just starting its work of destruction. Start today to guard your teeth from the dread results of this disease by using a corrective and preventive treatment in your daily toilet.

To meet the need for such a treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public

in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Co., 503 Union Central Bldg., Cincinnati, Ohio.

## Rev. Don Tullis Delivers Thanksgiving Sermon This Morning at Union Service

The world should give thanks every day in the year, not only on a single day, because God never ceases to be kind to his people. This was one of the thoughts expressed by Rev. Don Tullis, pastor of the Second Presbyterian church, who delivered the annual Thanksgiving sermon before the union meeting at the Central Church of Christ at 10 o'clock this morning.

The speaker's text described by him as one of the "hallelujah" Psalms. He termed the Scriptures a book of hallelujahs. The following is a synopsis of his address:

Text:—He also exalted the horn of his people \* \* \* people near unto him. Hallelujah. Psalm 148:14.

The Bible is a Book of hallelujahs; the Christian life is a life of hallelujahs; the psalm from which the text is taken is a hallelujah psalm; it begins with a glorious exordium; and this day upon which we have met, is America's hallelujah day. We call it our day of thanksgiving. But a day is not enough. God never ceases to be kind, and our day of thanksgiving can honor Him only when it passes over into a life of thanksgiving. God wants our hallelujah songs, but they are not enough; there must be also the surrender, the sacrifice and the service, if we are to render our thanksgiving unto Him.

Now Christiansites hallelujah is not the hysteria of a fool. Fools laugh in the face of destruction. There is a shrub in Arabia they call the "laughing plant." When ground to powder and administered it produces fits of insensible laughter. Christianity is no laughing plant. It is not an intoxication that denies defeat and smiles in the face of disaster and death. It is rather a most sane recognition of the eternal fact that God reigns and although tempers rage, yet, because God's in his heaven all must be well with the world.

When a Roman emperor returned from conquest he was given a triumphal entrance into the eternal city. As his chariot of gold rolled along the highway a slave was placed by his side that he might constantly remind the conqueror that he was in spite of all his honor's child of the dust. Christianity does not refuse the slave companion. We recognize the limits of our morality, but in our chariot there stands another form, clad in the white of eternity, and ever and anon he whispers "You are born to be a king unto God."

The text of the hour is a challenge to mankind to render praise unto God for the good things of life. But the text alone is incomplete. We must fall back upon the context, the psalm as a whole. It calls us not to our sunshine hallelujahs, but to our shadow hallelujahs and our eternal hallelujahs. Shall we consider first of all our Sunshine Hallelujahs. The unadorned, unadorned blessings that are so frequently showered upon us. In every sphere of life God has been wonderfully gracious unto us. While Europe is being baptized in its rivers of blood and its oceans of tears our land is smiling with its fields of plenty and rejoicing in its years of peace. Truly Jehovah hath exalted the horn of his people; a people near unto Him, hallelujah. And in the sphere of our individual lives we find today innumerable finger prints that tell of angel hands that have brought for us the finest of the wheat and filled our granaries with the gold of things worth while.

Shall we be true to our text and thank God today for the things that called forth from the sweet singer of Israel this hallelujah psalm. David praises Jehovah first of all for the things that elevate. "Ye mountains and all hills." For everything that lifts a finger toward the stars. And we in our little valleys are surrounded with mountain peaks that ever call us onward and upward toward God. The tragedy of life is this, that so few ever hear the call of the hills. A whole community lived in Hawthorne valley above which reposed the Great Stone Face, but only one man caught the message of the stone. Upon this Thanksgiving day may we cry with the psalmist "I will lift up mine eyes unto the hills." Thank God for the things that elevate. Among them is the great intellectual movement of our age. That spirit which led our Puritan fathers two hundred and eighty years ago to lay the corner stone of old Harvard University, and over a century ago to build old Ohio University on the banks of the Hocking the first institution of learning west of the Allegheny mountains.

The spirit which has built a school house on every hill and placed a library in every community and filled our homes with the choice literature of every age.

And in the forefront of the mountains and hills, the things that elevate civilization today, stand the home and the church. From out these centers come the things that make for permanence of character and life. Take these institutions out of our city today and within a fortnight it would bid fair to equal Goldsmith's deserted village. The worst man in Newark would refuse to raise his family here if it were not for the elevating influence of our Christian homes and Christian churches. Take the churches from our city and your business would be insecure, your profession would be unprofitable and your life would be in jeopardy. No man can be true to

himself today and fail to thank God for the things that elevate, the mountains and all hills.

In our sunshine hallelujahs David calls us to remember the things that feed us and the things that protect us. "Fruitful trees and all cedars, creeping things and all cattle." But above and beyond these things lie things that inspire. "Thank God for these. 'Heights, angels, hosts, sun and moon, praise Him all ye stars of light.' We rejoice today in the things that inspire human life. The chivalry of the hero, the sacrifice of the servant and the eternal struggle of common humanity toward better things. The heroism of womanhood that counts no price too great to purchase the imperishable blessings of life.

On a battle field of Europe a few weeks ago a young lad seventeen years of age was slain. In response to the news telling of his death his mother wrote to his comrades. "I thank God that I have had the honor of giving a son to my country. For seventeen years I have nursed him, always a frail child, and now he has been spared to me that I might give him to the land I love. It is a great consolation."

But our thanksgiving is shallow indeed if we can sing our hallelujahs only when the sun shines and prosperity smiles upon us. David calls us in the second place to sing our shadow hallelujahs. But can we rejoice when the lights are out, when shadows fall, when the anthem of life becomes a dirge? If we cannot we have failed to catch the spirit of thanksgiving. We must be able to sing "whatever way the wind doth blow, my heart is glad to have it so; Then blow it east or blow it west, the wind that blows that wind is best."

We are called upon to praise God for the things that frighten. "Ye sea monsters and all deeps." Life is a sea of dangers. All men fear as they enter the cloud. The mystery of life frightens us. We probe the sacred chambers of human experience and here and there we discover a fact, a law, a force, some new method of life, but life itself remains forever the unanswered mystery of life. And we are to praise God for the things that consume. "Fire and hail, snow and vapor, stormy wind fulfilling His word." The things that rob us of what we hold dear. The day after James Russell Lowell's wife died he wrote: "There's a narrow ridge in the graveyard."

"'T would scarce stay a child in his race. But to me and my thought it is wider Than the star-sown vague of space."

And who of us has not stood upon the verge of that star-sown vague of space and felt that life was a narrow road of all its joy? Can we thank God for the things that rob us? Renal one said, "There is nothing so painful as the universal flow of things." This universal flow of things implies unspeakable suffering. What sacred things the rapid, unresisting waves bear away. Strength to labor, the hearded substance of years, and friendships that have held us in our hours of deepest need. How many altar fires have been quenched by this universal flow of things, and yet when we realize that in it all there is a high moral, divine purpose we can thank God for the universal flow.

And for the things that shake. "Stormy wind fulfilling His word." World wars, earthquakes, a falling away from the faith, volcanic eruptions in the realm of intellect and spirit, great labor problems, commercial upheavals and innumerable things that shake the foundations of our civilized life, for these we can thank God for they are under his direction and he has said that they are fulfilling his word. Upon the shores of the Indian Ocean some repulsive sights meet the travelers gaze. He will see great piles of the coarsest bivalves, the most defective of their species, which have been fished up from the depths and stocked upon the shore to dry. The mass suggests anything rather than a jewel heap, and yet after the sun has done its work the pearls are rescued from the Malodorous heap and born away to grace the crowns of kings and queens. And this the Son of Righteousness can do with the refuse of a struggling civilization, and for this we sing our hallelujahs.

David said, "Out of the depths have I cried unto thee," and he who can thank God out of the depths has caught the true spirit of our sacred Thanksgiving day. Behold the psalmist, as he stands surrounded by the awful darkness of his misery and sin. See him as he gropes about him. He is reaching for his harp, and having found it he strikes the strings and sings. He is a murderer but he sings, "thou hast washed me from mine iniquity and purged me from my sin." He is man doomed to death, but he sings "The Lord is my shepherd, I shall not want." Hallelujah unto Him today for the shadows as well as for the sunshine.

And last of all we are called to praise him for the things that remain. Over the triple doorway of a cathedral in Milan Italy these three inscriptions are found: "All that pleases is but for the moment; all that troubles is but for the moment; that only is important which is eternal." The blessings of life for which we thank God today will pass with the passing of the years. Our shadows will also be dissolved in eternities light. Let us above all else sing hallelujah for the eternal things, the things that remain. David mentions many of these things. We will speak of but a few. First is the "water above the heavens." Whatever he may have meant by that it reminds us of the streams of salvation, the river of God, clear as crystal, flowing from the throne of God and of the lamb. Redemption is eternal, and for this we sing hallelujah. Demosthenes was once asked,

### Music

"Do you not fear that Philip will take off your head?" to which he replied, "If he does, the Athenians will give me an immortal one." So we fear not the passing of life's joys in the eternal flow of things, for the Master has said "I give unto them eternal life."

Second, the psalmist mentions "The Heavens above the Heavens" and this is our eternal home. That will endure. The name of St. Peter is settling. Great hands must be laid around it. Not so the domes of the eternal City of God. They remain. Hallelujah. And love remains. In the excavation of Pompeii they found the bone of a human finger and on it rested the wedding ring. A symbol of the eternity of love. And Christ remains, watching a beautiful fireworks demonstration, a little lad remarked "will the name of Lincoln never go out?" His father replied "Yes, my son, but there is a name above every other name and it shall remain forever. For the things that please and the things that trouble and the things that remain we sing today an endless hallelujah."

In June Mr. Leopold Stohowski, was persuaded by the Phila. Symphony association to renew his contract with them, for almost double salary, for another five years. The association also agreed to secure for him several additional solo players and among those selected are Mr. Horner, the incomparable first horn of the Boston Symphony and the admirable first flute of this great Boston organization, Mr. Daniel Maquarre. These men and Thaddeus Rich, Herman Sandby and twenty-two other equally fine soloists will be a part of the Phila. Symphony orchestra of eighty-five men when it gives its concert in the Quality Series. Seats are now selling in the Box Office, Chamber of Commerce.

It is rarely indeed that the motion picture public has been privileged to witness so exquisitely artistic a performance as that of Mary Pickford in the Famous Players Company's screen adaptation of John Luther Long's version of this famous love tale, celebrated in opera, novel and play, has preserved and enhanced all the poetic beauty and tenderness of the original. As the forsaken Cho Cho-San, the little maid of the Flowery Kingdom, patiently waiting through the long months for the return of her faithless American husband, Mary Pickford presents an innocent, confiding, pathetic figure, who proceeds through her many sorrows with unconquerable courage and endurance. Only an actress of Miss Pickford's remarkable magnetism and dramatic power could have presented a pantomimic impersonation of this famed character that

will stand comparison with the artistry of the stage and operatic standards already established. For pure pathos and dramatic appeal, the photo production of "Madame Butterfly" has few equals in the whole realm of fiction, stage or screen.

## A Remarkable Letter

Received Regarding Peterson's Ointment—Please Publish This Letter.  
March 22, 1915.

Peterson Bros. was afflicted with a very severe sore on my leg for seven years. I am a teamster at the American Agricultural Co. at West Park. I tried all medicines and salves, but without success. I tried doctors and all others, but they all failed to cure me. I couldn't sleep for many nights from pain. Doctors after treating me for some time said I could not live for any more than two years. Finally Peterson's Ointment was recommended to me and by its use the sore was entirely healed. I gladly recommend Peterson's Ointment as a wonderful healing agent and sincerely urge everyone afflicted as I was to begin using it at once.

Thankfully yours,

Right Leg Broken.

Blair Fabine, had his right leg broken this morning while engaged in doing some hauling. The accident happened at the barns at the rear of 61 West Church street and he was taken to the office of Dr. W. E. Shrontz in West Church street where the injury was dressed. The Bradley ambulance was called and he was removed to his home at 475 Seroco avenue.

Attention Mr. Weston!

Arthur M. Streit and Gaylord Mercer, students in Ohio State University walked from Columbus to Newark yesterday in ten hours and 30 minutes. The pedestrians left Columbus at 10:30 in the morning and walked the National Pike road to Hebron and the canal road from Hebron to Newark, arriving in Newark at ten o'clock Wednesday night. They rested one hour at noon. Newark has been referred to by Columbus people in just as a suburb of Columbus, but Mercer and Streit took them at their word when they decided to walk the distance between the two cities. Thursday morning both were very tired and sore but were able to be out and around without the aid of wheel chairs or crutches.

## GREECE

(Continued from Page 1.)

and the following day, the enemy sought by surprise and force to recapture some of the important positions taken by the Greeks. These actions, preceded by an intense artillery fire, occurred on Col di Lana in the Zagora section and on a height north-east of Oslavia. All these attacks were repulsed at very heavy loss for the enemy, who left more than 300 bodies on Hill No. 188.

"Our relentless offensive on the Carso plateau was crowned by a brilliant success yesterday. Long, deep trenches between the fourth summit of Monte Michele and the Church of San Martino, were stormed, the defenders surrounded and a large part of them taken prisoner. The enemy immediately deluged the lost positions with shells of all calibre, and behind a curtain of fire, massed important forces for a counter attack east of San Martino."

"While our infantry held firmly their position, exposed on all sides, our batteries with rapidity and precision concentrated a quick, well-directed fire on enemy columns and dispersed them. Five hundred and fourteen prisoners, many of them officers, fell into our hands and we captured great quantities of provisions, munitions and war material."

"Enemy aeroplanes dropped bombs on Arslero where much damage was done and on Ala, where four soldiers were wounded. One of our air squadrons bombarded the aviation camp at Assevia, another camp being made at Aldussina, and railroad stations at Vagersko, Aldussina, Reifenberg and San Daniels. Our aeroplanes which were fired upon as usual by anti-aircraft guns returned undamaged."

## Limitations of Science.

Johnny was sent to study mathematics, and the teacher told him that it was a true science.

"For instance," she said, "if it takes one man twelve days to build a house, then twelve men can build it in one day."

Johnny replied: "And 288 men will build it in an hour, 17,280 in a minute, 1,036,800 men will put it up in a second. Now, I don't believe they could build even a single brick in that time. Again, if one ship can cross the Atlantic in twelve days, twelve ships should be able to cross it in one day. I don't believe that either, so I'm not going to study mathematics." And Johnny left the teacher studying it herself.—Exchange.

The Cape Cod canal is now restricted to boats of less than 18 feet draft, but it will soon be deepened to a 15-foot waterway.

## Cartoons of Truancy.

"Certain cartoonists," says a writer in Cartoons Magazine, "have been taken to task for picturing with too alluring a pencil the joys of going barefoot in summer, of hunting Indians, of climbing apple trees, when they should have been in school studying. Their work is an invitation to the small boy to play truant, especially when the birds are singing and the sun is shining and a dog companion clamors for an excursion over hill and dale. Enter the plea 'Guilty!'"

"Who would care to be the owner of a small boy who when the red gods called wouldn't follow, who wouldn't occasionally steal away from school and come back bramble scratched and sunburned? Any boy whose name is Johnnie and not Archibald or Ferdinand will need no invitation to run after the pied piper of happiness and seek relief from the eternal three R's under the willows or in forbidden apple orchards. Given a golden day, the smell of summer in the air, a south wind, a schoolroom, no more than iron bars, can a prison make. Nobody but an old fashioned schoolmaster would expect a 'feller' to be proper—always."

## Storks.

We have no true stork in this country, but we have the ibis, which belongs to the stork family. This bird, which breeds in the far southern states, often goes as far north as Indiana, for it is a bird of long and easy flight, standing thirty or thirty-one inches in its length of body. Its plumage is white, but wings and tail are black. It is considered a bird of gentleness and good nature, associating with ducks, geese and other water fowl on pleasant terms.

The white stork of Europe migrates to Africa in winter. It comes and goes in great flocks, returning year after year to Denmark, Germany and other parts of central Europe, where the birds are welcomed and protected on account of their value as scavengers. The common name for the stork in Holland means "the bringer of good," and in that country, as well as in Denmark, the people believe that good luck will attend the house on which the stork has built its nest.—Savannah News.

## The Machete.

Because it is as useful in peace as in war the Spanish American machete has a distinction of its own as a weapon. It is a sword, spade, hedging bill, ax, hatchet and pruning knife. It is first cousin to the United States cavalry saber, and almost every male in Spanish American countries above the age of childhood carries one. The laborer carries it to cut sugar cane, prepare firewood and trench ground for his crop. The horseman wears it to cut his way through woodlands during journeys over rough country. The Hidalgo wears it with silvered hilt and tasseled scabbard. His humble neighbor is content to carry it bare and blunted with horn, wood or leather. The machete is made in about thirty different forms, and the blade varies in length from ten to twenty inches. It may be blunt, pointed, curved or straight, broad or narrow. The favorite with the laborer is of medium length, with unornamented handle and broad, straight blade.—Boston Herald.

## Tonsils and Rheumatism.

Rheumatism in its many forms is, according to Dr. Seymour Taylor, the famous British specialist, the most dangerous disease with which physicians have to deal, more dangerous than even tuberculosis, cancer or blood disease. He notes that 75 per cent of young patients who are the victims of acute rheumatism also suffer from diseased tonsils and asserts that "rheumatism affecting young children or adolescents leaves mitral stenosis (contraction of the mitral valve of the heart) as its most frequent and crippling valvular affection."—New York World.

## A Possible Retraction.

"I hear you are having a 'take it back' campaign in this town." "Yes," admitted the Plunkville citizen. "Have you borrowed something that you have failed to return?" "Oh, no. I want to see a man who called me a liar about three years ago."—Pittsburgh Post.

## Vain Conceit.

"The only fault I have to find with Kippers is that he has an exaggerated idea of his own importance." "I hadn't noticed it." "But it's a fact. Why, he thinks he's the only man on earth who could have married Mrs. Kippers."—Birmingham Age-Herald.

## His Misfortune.

"So you were driven out of the theatrical profession by the movies?" asked the sympathetic old lady. "How did that happen?" "You see, ma'am, replied the truthful tramp, "there ain't much of a demand for stage hands these days."—Buffalo Express.

## The Doctrine of Chance.

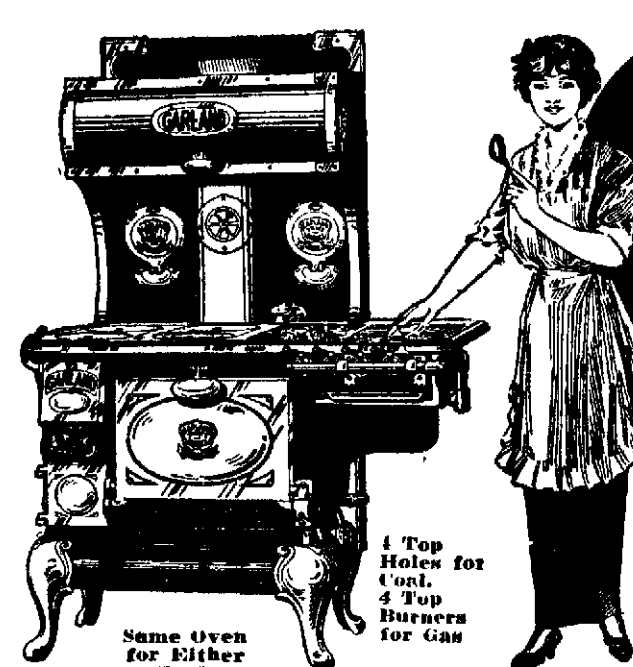

He was your father very angry when you told him of our engagement? She—Not particularly. He said he had been rather fortunate in the stock market of late and figured it was about time for his luck to turn.—Richmond Times-Dispatch.

## Unusual.

"Jiggs is a rather unusual character." "He certainly is. For a fact, his relatives are as welcome at his house as his friends."—Buffalo Express.

### IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Backache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally. Says a well-known authority. Meat forms uric acid which clogs the kidneys so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia has been used for generations to flush closed kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

### MRS. HARRIETT DUTRO BELIEVES IN TANLAC

HAS BEEN GREATLY BENEFITED BY IT IN CASE OF STOMACH TROUBLE.

"Many Remedies Failed When Tanlac Proved Exactly the Right Thing."

Thursday we published a statement from Mr. David Dutro in which he stated in the most emphatic terms that he had been greatly benefited in a severe case of stomach trouble by Tanlac. His wife, Mrs. Harriett C. Dutro, residing at 331 W. Main street, Zanesville, and a well known woman, testifies that she, like her husband, has been greatly helped by Tanlac. Her complaint was similar to that of her husband—indigestion and stomach trouble—and she has experienced a great change in her condition by the use of Tanlac, the Master Medicine. She says: "My stomach has troubled me no little for some time and nothing I have taken has done me any good until I tried Tanlac. That has helped me wonderfully even before I had taken the first bottle. I feel greatly encouraged over the prospect of ultimate recovery. I'm no longer dizzy or nauseated, can eat more and enjoy what I eat more than I have for some time." Mrs. Dutro's case is very similar to that of thousands of women and men who have been benefited by taking Tanlac, just as is the case with her. This Premier Preparation is being demonstrated by Jno. B. Gaines, or assistant, at Hall's Drug Store, Newark, where all Newark people who feel a need for uplifting physically are invited to call.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, procured it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for it in bottles and testing envelopes. Address: F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

### HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

### Rheumatism and Allied Pains—They Must Go!

The congestion of the blood in its flow causes pain. Sloan's Liniment penetrates to the source of the pain, stimulates the blood to flow freely. The body's warmth is renewed; the pain is gone. The man or woman who has rheumatism, neuralgia or other pain and fails to keep Sloan's Liniment in their home is like a drowning man refusing a rope. Why suffer. Get a bottle of Sloan's. 25c and 50c. \$1.00 bottle holds six times as much as 25c size.

We have just installed the machinery for charging electric cars and rebuilding and charging electric batteries for starter and have a man who has had ten years' experience in building electric cars and batteries. ### GIRLS HAD FUN AT Y. W. CAMP

Did we have fun at the Y. W. C. A. summer camp? Yes indeed we did. Always something to do and get, nothing had to be done. From the minute we were out of bed in the morning the fun began. First, breakfast—and such a breakfast. Then the morning "clean up" hour, followed by a swim, morning ramble, or fishing expedition, or during the harvesting season we were invited to ride on the hay wagons to and from the fields.

As we had a fine cook we always had good meals. Such pies and pastries, chilli-con-carni, noodles, yet never an ache or pain!

In the afternoon we read, played games or walked until about three when we went in swimming again. After that we most generally had visitors, picnic parties, weiner roasts, etc.

But the evenings were the best of all—the joy, bliss and marshmallow times. Most generally we had mawk shows and nightly escapades. For my part I look forward to my camp weeks as the best part of vacation.

So here's to the Y. W. C. A. camp for next summer. Come and "get the habit."

MILDRED EADE.

### BELGIAN RELIEF

Editor of the Advocate:

In behalf of our committee and treasurer, Mr. Henry Clews, I beg to thank you very heartily for the valued publicity you have given to our appeal in behalf of the Belgians.

You will be glad to know that the fund has collected \$25,000 within the past few weeks and hopes by Christmas to have raised enough money to help considerably in alleviating the sufferings of the stricken people this winter. It is only by direct personal appeals over a wide area that we can hope to equal the result attained last year, and to this end Mr. Clews and myself as secretary will be very grateful if you could see your way to again remind your readers that donations will be welcomed and properly acknowledged by our treasurer, care of Henry Clews & Co., bankers, Broad street, New York.

Again thanking you for your courtesy, I am,

Yours very truly,

PERCY S. BUTLER,  
Honorary Secretary.  
New York, Nov. 24, 1915.

John W. Braddock started for Pennsylvania and New York states this morning, representing Wyeth & McCullough.

Charles Mansberger, a well known operator at the Pan handle depot, while coasting along the canal yesterday on his safety bicycle, struck a stone and was thrown from the wheel, bruising him considerably.

James Hamil is home after a sojourn in Chicago of several weeks. As high as \$19 a day has been offered for men to guard the town while the populace are absent viewing the football game in Granville tomorrow.

A grand masquerade ball will be given this evening at the Palace rink by the Try Club, one of the strongest social organizations of the city.

### 15 YEARS AGO TODAY.

(From Advocate, Nov. 25, 1900.)  
The Nameless Club was entertained on Wednesday evening by Miss Ruby Franklin at her home in North Fourth street. Messrs. Ruby Franklin, Amy Franklin, Besse Reid, Messrs. Fred Knowlton, Berne Reid, Anderson and Carl Dayton were present.

Attorney Frank V. Owen of Mt. Vernon spent Friday with Mr. R. C. Bigbee and other friends.

Mr. Barney Williams, driver of Mr. George Sprague's delivery wagon met with a painful accident Saturday evening. He was driving on East Main street and in crossing the car track the wagon skidded, throwing Mr. Williams to the pavement.

L. A. Parish, a former Newark man was appointed to fill the vacancy in the office of the inspector of police at Columbus.

### The World War a Year Ago Today—Nov. 25.

Russians claimed that the German army in central Poland was surrounded. On the other hand, Germans reported that Russian offensive movements all failed.

Great Britain announced that appeal had been made to the United States to induce Ecuador and Colombia to maintain neutrality as to wireless messages.

### BLADENSBURG

Mr. and Mrs. M. C. Cummins of Martinsburg and Mr. and Mrs. Austin Rine of Dennis spent Sunday with A. B. Cummins and family.

Miss Clara Beckley, Ida Melick, and Libbie Porterfield spent Sunday with Messrs. Ruth and Grace Dugdon.

Mr. and Mrs. Harley Sims of Howard are visiting friends here.

Miss Fawn Nicholas spent Sunday with Miss Clara McCannont. Our village was almost deserted last Wednesday, everyone being in Mt. Vernon attending "Boaters Day." Mr. Harry Cummins was the lucky man. He drew the Buick car that was given as one of the many prizes.

Rev. Hoover of Loudenville filled his appointment here Sunday and took dinner with Milton Stricker and family.
